

A personal touch

to the most personal room in your home

We create customers for life.

From floor to ceiling, wall-to-wall, our certified interior design team at the Luxury Bath Center showrooms will guide you every step of the way through your remodel project. Our objective is to help you personalize your space while balancing individual style preferences with product function so you can confidently enjoy the bathroom of your dreams for years to come.

In-Home Design Services

- job site measure & consultation
- space planning & design concepts via computerized drawings
- product and material consultation
- specification packages
- installation drawings*
- contractor management and/or referrals

* electrical plan not included

An hourly rate applies to design consultation and drawings performed by our Interior Designers. No fees apply when product and material consultation is conducted within Luxury Bath Center showrooms.

Our customer friendly design team brings a wealth of knowledge, expertise, and creative talent to your project. Call today for more details, or to set up an appointment with one of our Certified Interior Designers.
